CALL FOR PARTICIPATION
SIGCSE 2014
Leveraging Computing to Change Education
The 45th ACM Technical Symposium on Computer Science Education
March 5 – 8, 2014, Atlanta, Georgia, USA
http://sigcse2014.sigcse.org/

SIGCSE 2014 continues our long tradition of bringing together colleagues from around the world to present papers, panels, posters, special sessions, and workshops, and to discuss computer science education in birds-of-a-feather sessions and informal settings. The SIGCSE Technical Symposium addresses problems common among educators working to develop, implement and/or evaluate computing programs, curricula, and courses. The symposium provides a forum for sharing new ideas for syllabi, laboratories, and other elements of teaching and pedagogy, at all levels of instruction.

Submissions in line with the conference theme, “Leveraging Computing to Change Education,” are encouraged. The theme focuses our attention on how computing influences the way we educate at all levels. This influence includes applications designed to support student learning, the curricular impact of computing, learning research, and the impact of technology in all forms of education. We want to look beyond the conventional computer science education boundaries for connections as well.

PAPERS
Papers describe an educational research project, classroom experience, teaching technique, curricular initiative, or pedagogical tool. Two versions of a submission are required: a full version having author names and affiliations and an anonymous version for use in reviewing. Papers will undergo a blind reviewing process and must not exceed six pages. Authors will have approximately 25 minutes for their presentations, including questions and answers.

PANELS
Panels present multiple perspectives on a specific topic. To allow each panelist sufficient time to present his or her perspective and still enable audience participation, a panel will normally have at most four panelists, including one moderator. Panel submissions should include a list of the panelists, their affiliations, and a description of the topic, with brief position statements from panelists. Proposals with more than four panelists must provide a statement connecting the extra panelist to the effectiveness of the panel and must convincingly show that each panelist will be able to speak, and the audience able to respond, within the session time. Panel abstracts must not exceed two pages. A panel session is approximately 75 minutes.

SPECIAL SESSIONS
Special sessions are your opportunity to customize and experiment with the SIGCSE conference format. Possible special sessions include a seminar on a new topic, a committee report, or a forum on curriculum issues. More generally, they must be 75 minutes in length, held in standard conference spaces, and justifiably distinct from the panel, paper, and poster tracks. Within those constraints, the form is yours to design. Special session abstracts must not exceed two pages.

WORKSHOPS
Workshops offer participants opportunities to learn new techniques and technologies designed to foster education, scholarship, and collaborations. A workshop proposal (including abstract) must not exceed two pages. Proposals must specify equipment needs (e.g., participant-supplied laptops, room configurations, and A/V equipment) and any limitation on the number of participants. Workshops are scheduled for a three-hour session and do not conflict with the technical sessions.

BIRDS OF A FEATHER SESSIONS
Birds of a Feather (BOF) sessions provide an environment for colleagues with similar interests to meet for informal discussions. A maximum one-page description (including abstract) is requested to describe the informal discussion topic. A/V equipment will not be provided for these sessions. Approximately 45 minutes are allocated to each BOF topic.

POSTERS
Posters describe computer science education materials or research, particularly works in progress. Proposals (including abstract) are limited to two pages. Poster demonstrations are scheduled to permit one-on-one discussion with conference attendees, typically during session breaks. Prepared handouts are encouraged in order to share your work.

STUDENT RESEARCH COMPETITION
Research from all areas of computer science is considered for awards in two categories of competition: graduate and undergraduate. All submissions must represent a student’s individual research contribution and a student must be an ACM student member to qualify for awards and travel grants. Entry due date is September 29, 2013.

IMPORTANT DUE DATES

Friday, September 6, 2013: Paper, Panel, Special Session, and Workshop submissions
Monday, October 28, 2013: Birds of a Feather and Poster submissions

PROGRAM COMMITTEE

**Symposium Chairs**
J.D. Dougherty
Haverford College
jd@cs.haverford.edu

Kris Nagel
Georgia Gwinnett College
knagel@ggc.edu

**Program Chairs**
Adrienne Decker
Rochester Institute of Technology
amdigm@rit.edu

Kurt Eiselt
University of British Columbia
eiselt@cs.ubc.ca

**Panels and Special Sessions**
Stephen Cooper
Stanford University
coopers@stanford.edu

**Workshops**
Susan Haller
SUNY Potsdam
hallerms@potsdam.edu

Sue Fitzgerald
Metropolitan State University
sue.fitzgerald@metrostate.edu

**Publications**
Dennis J. Bouvier
Southern Illinois University
djb@acm.org

**Database Administrators**
John Dooley
Knox College
jdooley@knox.edu

Henry Walker
Grinnell College
walker@cs.grinnell.edu

**Registration**

**Lynn Degler**
Rose-Hulman Institute of Technology

**Cary Laxer**
Rose-Hulman Institute of Technology

**Larry Merkle**
Computational Optimization Services

**Posters**
Michael T. Helmick
University of Cincinnati
mike.helmick@gmail.com

**Birds Of A Feather**
Marc Rubin
Colorado School of Mines
mrubin@mymail.mines.edu

**Student Volunteers and Student Activities**
Steven Wolfman
University of British Columbia
wolf@cs.ubc.ca

**Pam Cutter**
Kalamazoo College
Pam.Cutter@kzoo.edu

**Webmaster**
Kimberly Voll
Centre for Digital Media
kimberly_voll@thecdm.ca

**Publicity/Social Media**
Jamie Spacco
Knox College
jspacco@knox.edu

**Treasurer**
Scott McElfresh
Wake Forest University
scottmcelfresh@acm.org

**Evaluations**
Carl Alphonce

University at Buffalo
alphonce@buffalo.edu

**Kids’ Camp**
James Maher
Colorado School of Mines
jmaher@mymail.mines.edu

Cheryl Seals
Auburn University
sealscd@auburn.edu

**Support/Exhibitor Liaison**
Susan Rodger
Duke University
roderg@cs.duke.edu

**Pre-Conference Events Liaison**
Mary Anne Egan
Siena College
maegan@siena.edu

**K-12 Liaison**
Crystal Furman
Brookwood High School
crystal.furman@gmail.com

**International Liaison**
Annemieke Craig
Deakin University
annemieke.craig@deakin.edu.au

**Local Arrangements**
Deepa Muralidhar
North Gwinnett High School
deepa.muralidhar@gmail.com

**Student Research Competition**
Ann Sobel
Miami University (Ohio)
sobelas@muohio.edu
