Nathan Deal
GOVERNOR

March 5, 2014

To: The Attendees of the ACM Special Interest Group on Computer Science Education 2014 Symposium

GREETINGS:

I am pleased to extend my warmest regards to those attending the 2014 Association of Computing Machinery (ACM) Special Interest Group on Computer Science Education Symposium. On behalf of the State of Georgia, it is a pleasure to be a part of this special event in the field of computer sciences.

Please allow me to welcome your distinguished educators and other attendees. I applaud your effort to focus your attention on how technology influences education at all levels. This is an increasingly important tool in education, and the SIGCSE Symposium provides a forum for educators to discuss issues in the field of computer science education.

Education is a top priority of my administration, and I value your work to develop, implement, and evaluate computing programs that impact students globally. I thank you for upholding the long tradition of colleagues gathering from around the world with this goal, and I encourage your continued pursuit of excellence as educators of young minds.

I commend the ACM for organizing this event and send my best wishes for a successful and enjoyable symposium.

Sincerely,

Nathan Deal
